

Seedlings Kindergarten

Risk Assessment Policy

It is our priority to keep the children in our care safe at all times. We are also committed to keeping the environment safe for adults. In light of this we will carry out a full risk assessment of the kindergarten setting, at least once a year. (Please see accompanying risk assessment document).

In addition, an ongoing risk assessment is done on a daily basis:

- The premises and equipment are checked to make sure that everything is safe and suitable for the children in our care.
- If a problem arises within the setting we will undertake a separate risk assessment in order to minimise any identified risks.
- We will always ensure that a child does not leave the setting unsupervised.
- We will always ensure that no one enters the premises without our knowledge.
- All staff will attend a Paediatric First Aid course, at least every three years.

Date last attended -

Kindergarten Teacher: 30th March & 1st April 2019 (renewal due: March 2022)

Assistant: 18th & 25th March 2017 (renewal due: N/A)
